中国-欧盟海洋数据网络伙伴关系 European Union-China Marine Data Network Partnership (EMOD-PACE)

China-EU Marine Data Network Partnership (CEMDnet) 中国-欧盟海洋数据网络伙伴关系

Open Workshop:

Improving FAIRness of European and Asian marine data and data products for regional and global users

Workshop Programme – Tuesday 22 November 2022		
Session	**Timing**	**Agenda**
Opening and setting the scene	**8:30-9:00 CET** *15:30–16:00 (UTC/GMT+8 for Tianjin)*	• **Welcome and opening** • **High level overview of achievements** made through the partnership to date, with a demonstration on how users may access the data catalogue via EMODPACE and CEMDnet portals
Strengthening Scientific collaboration on modelling and data product generation	**9:00-10:00 CET** *16:00–17:00 (UTC/GMT+8 for Tianjin)*	• **Overview substantive work achievements on modelling and data products** • **Demonstration of Coastal adaptation products and Joint Assessment Report** • **Showcase on joint data product development and improving ocean and coastal modelling and forecasting capabilities** • Questions and Answers, Open discussion
Break (15 minutes)		
Expanding Information Services and Data Interoperability	**10:15-11:15 CET** *17:15–18:15 (UTC/GMT+8 for Tianjin)*	• **Overview of information resources, technologies and tools used by EMOD-PACE - CEMDnet** to share data and connect open data resources with examples, guidance and lessons learned for interested stakeholders • **Case study connecting to other regional services: assessing the usefulness of EMODnet deployed tools to** connect/provide access to other services, data and products • Questions and Answers, Open discussion
Break (15 minutes)		
Looking forward: Global and regional initiatives as a framework for further collaboration	**11:30-12:30 CET** *18:30–19:30 (UTC/GMT+8 for Tianjin)*	• **Regional collaborations on data sharing under the auspices of IODE, ODIN-WESTPAC** • **Global collaborations on sharing data and information under the auspices of IODE, Ocean Infohub Project** • **Global collaborations in the framework of the UN Ocean Decade, COASTPREDICT and DCC on Coastal Resilience** • **Open discussion** on Project Legacy and roadmap frameworks for intra-regional and inter-regional collaborations. • **Summary of conclusions and next steps** • **Closing of Workshop**
